**Delineating a Horoscope** Raj Kumar Astrology is a great science based on sound principles and theory of karma through cycles of rebirth. A horoscope is basically a map of zodiac indicating position of planets in various signs/ Nakshatra at the time and place of birth. The delineation of a chart is the science and art of deciphering it as per the knowledge, intuition of the astrologer and divine help available to him. Therefore the first requisite is to have sound knowledge of nature and characteristics of houses, signs, Nakshatra and planets and their inter-relation. Next comes the basic tools like dasha, transit, yoga and divisional chart and their application in delineating a horoscope.

Lagna is the single most important factor in delineating a horoscope. It is the very being of the native, his élan vital & basic potential. Unless the seed of a specific quality or event is contained in this basic potential, other planetary indications will not find suitable opportunities for manifestation. Lagna also determines the numbering of houses with lagna being the first. With the change in lagna, the significations of any planet will change drastically, as his house & lordship changes, although the sign & constellation of the planet remain unchanged.

**Nakshatra - The Authentic Heart of Vedic Astrology** Vic Dicara 2019-01-31 The Nakṣatra Sūtra is a treasure found in the Taittirīya Brāhmaṇa, a branch of the ancient Yajur Veda. Because of this, it holds unique importance and unparalleled authority among nakṣatra texts, for it allows us to understand the nakṣatras in much clearer accord with the Vedic sages who originally envisioned them. I also supplement the book with other sections from the Taittirīya Brāhmaṇa that also talk about the nakṣatras, and with a section entitled, The True Story of the Nakṣatra Gods: a dramatic narration of the 27 nakṣatra divinities, focused on what is most relevant to their nakṣatra's symbolism. This original work pulls together diverse Purāṇic and Vedic source material to paint a vivid picture of often unknown tales and details essential for fully understanding the subtleties of the 27 Vedic stars.

**GK win Degree System of Astrology** Tirupur S.GopalaKrishnan(GK) 2019-06-18 It is a simple method for prediction through which, even a person with a basic knowledge of astrology can give predictions based on the birth chart. The method utilizes the degrees of the planets in the birth chart. The planets in the highest degree and lowest degree are taken into account. Even planets which are 6/8 positions away from each other, will be combined when their degrees are close. Through this method we can predict whose relationship will be beneficial for him/her. We can also predict the planets which will support him though out his/her life, the gods whom should be worship and so on. Predictions together with the planets in the transit and the birth chart are also easily given.

**Aspects in Vedic Astrology** Gopesh Kumar Ojha 2002-10 Through astrologers are well aware that it is the aspects between planets which has been planets which add detail and definition to a birth chart, there has been no single work which deals comprehensively with the theory and delineation of aspects in Vedic Astrology. This book fills a void by providing a clear and concise treatment of the subject. The authors have drawn their material from the ancient and medieval classics of Vedic astrology, preserving the wisdom of the sages as well as granting their readers a wealth of insight into how the ancient dictums may be applied to contemporary life.

**The Divine Forces of the Lunar Naksatras** Radhe 2014-08-18 In The Divine Forces of the Lunar Naksatras, the ancient Vedic portrayal of the twenty-seven naksatra rulers are revealed. Included are their characterizations, mystical powers, sacrificial roles, myths and legends. The translation of several critical Sanskrit texts never before available to the Jyotisa community are presented. Testimonial: "The Divine Forces of the Lunar Nakshatras is a great resource for any Vedic astrologer who is truly interested in understanding the mythology behind the

Nakshatras. It is a scholarly work that deserves a place on every Jyotishi's bookshelf!" James Kelleher "This book is an extraordinary labor of love birthed after a decade-long gestation period. I have not encountered any other work on nakshatras deities that has been so thoroughly researched and has woven together the Vedic and Puranic references into a coherent thesis. The attention to detail is astounding as is the dedication to faithful transliteration of the Sanskrit and the care given to cite the original sources. It is a serious work that will greatly facilitate further research and inquiry on the part of lovers of the Vedic tradition." Penny Farrow

The Key of Life Prash Trivedi 2003 Dr. David Frawley, the well known Vedic scholar, writes of Mr. Trivedi - "India's most insightful young astrologer offers what is probably the longest, most researched and most original book on the Lunar Nodes published in modern times. **The Great Indian Love Story** Ira Trivedi 2009-09-10 A darkly fascinating snapshot of the glittering and brittle lives of the rich and famous of Delhi, its glamorous page 3 swish-set The Great Indian Love Story is set in a world where appearances mean everything and nothing is as it seems. There's no time for love in a world that revolves around the latest Ferraris, the hottest nightclubs, diamonds, single malts, cocaine and ecstasy. In this whirl of wild parties, sex and drugs we meet Serena Sharma who lives her life one debauched night at a time, always falling for the wrong men. Her life is a roller-coaster ride: her father's death followed by her mother's remarriage, a broken heart and a lost love. Adding to this is her torrid affair with Amar Khanna—a trophy husband, coke addict and serial adulterer. Riya, jaded by her unsuccessful attempt to find a job in America, returns to Delhi to find the city of her childhood changed beyond recognition. Striking an unlikely friendship with Serena, Riya finds her complacent torpor shattered. The Great Indian Love Story is also the story of Parmeet, Serena's mother, who looks for passion outside her marriage with disastrous consequences, and S.P. Sharma, Parmeet's husband, who is driven to violence by her infidelity. Ira Trivedi weaves together sex, revenge, glitz, friendship and a chilling murder to create a potent cocktail in this gripping novel on the perfidious nature of love and power.

**Encyclopedia of Vedic Astrology: Planetary Transit** Shanker Adawal Transits are one of the main means used in horoscope reading. They are used to forecast future trend and developments. Astrological transit is about interpreting the ongoing movement of the planets as they transit the horoscope. These transits are studied in the Natal Charts to tell about the timing or fructification of the events. In this book the initial chapters deal with the basic understanding of the meaning of Transit, the rules to be applied and about the planets. We have also dealt with the rules to be applied in predicting the result of transiting planets. Basic Transit Rules of planets in Houses, Signs, Nakshatra and Divisional Charts is explained at length. The book then dwells in factors that modify the results of a Transit. It then goes into explaining the impact of the transiting inner planets. I have also gone in details explaining the impact of Jupiter, Saturn, Nodes and Mars in Transit with various permutation and combination.

**Foretelling Widowhood** Mṛdulā Trivedī 2008 Foretelling Widowhood is the fruit of research work carried out by us during the last two decades. A work of predictive astrology, it amalgamates a plethora of principles enshrined in various classical texts and practical study of birth charts of those who have been unfortunate enough to suffer the immeasurable grief and plight of untimely widowhood. Untimely widowhood is the biggest tragedy that can befall a woman and is irreversible. In olden days, widowhood in general and untimely widowhood in particular was considered an unpardonable sin and a woman had to commit Sati, that is to mount the pyre of her late

husband. Was not this inhuman? Women would be ever grateful to Raja Ram Mohan Rai whose untiring efforts led to rooting out of this obnoxious practice. A common belief among masses, as also amongst self-styled astrologers, is that mangati females or those females having kuja dosa in their birth charts are predisposed to suffer widowhood. We would like to humbly opine that this belief is only partially correct. It is not certain that females having kuja dosa will essentially undergo the miseries of marital disaster such as widowhood. Many females, who suffered untimely widowhood, were not mangati either from ascendant, or from Moon or from Venus. This is definitely a wrong concept that widowhood will curse only a mangati female. In fact, much is not known about the kuja dosa and its actual effect.

Mayamatam (2 Volumes) Bruno Dagens 2010-01-01 The Matamata is a Vastusastra, i.e. a treatise on dwelling, and as such, it deals with all the facets of gods' and men's dwellings, from the choice of the site to the iconography of the temple walls. It contains numerous and precise descriptions of villages and towns as well as of the temples, houses, mansions and palaces. It gives indications for the selection of proper orientation, right dimensions, and appropriate materials. It intends to be a manual for the architect and a guidebook for the layman. Well thought of by traditional architects (stapati-s) of South India, the treatise is of great interest at a time when technical traditions, in all fields, are being scrutinized for their possible modern application. The present bilingual edition prepared by Dr Bruno Dagens contains critically edited Sanskrit text which is an improvement over the earlier edition by the same scholar and published as No.40 of Publications de L'Institut Francais' Indologie, Pondicherry. The English translation, also published earlier, has now been revised with copious notes. The usefulness of the edition has been further enhanced by adding an analytical table of contents and a comprehensive glossary. In the series of Kalamulasastra early texts on music, namely, Matralaksanam, Dattilam and Brhaddest, have been published. The medieval texts on music, especially, the Sribastamuktavali (No.3 in the series) and the Nartananirnaya (No.17 in the series), bring us up to the 15th and 16th centuries. In the case of architecture, despite the IGNCAs endeavour to publish portions of the Brhatsamhita, the Agni Purana and the Visnudharmottara-Purana, first, this has not been

possible. Instead, our scholars were able to complete work first on a late but important text, namely, Silparatnakosa. We hope that the sections on architecture in the Brhatsamhita, the Agni Purana and the Visnudharmottara-Purana which predate the medieval texts, will be published soon, along with revised and re-edited texts of Manasollasa and Aparajitaprcha. The Mayamatam is the fourteenth and fifteenth volumes in the Kalamulasastra series of the Indira Gandhi National Centre for the Arts (IGNCA).
