The book covers everything you need to know about the home buying and selling process so that you are not taken advantage of. including:- Deciding on how much money to spend on a house(don't let your lender or agent decide for you!)- Deciding whether you should buy or rent- How to get a great deal on a house that will build instant equity- How to get the best loan with less money down (if that is your goal) and the lower overall cost- How to find the best real estate agent and lender and why you need them- How the process works including inspections, appraisals, title insurance, mortgages, closings, escrows, HOAs, etc...- How to fix up your house and maintain it- How to find contractors to help you fix up your house- How to sell your house for the most money- When and if you should refinance your house- A glossary full of definitions for real estate terms- Plus bonus chapters on starting a career in real estateThere has been a lot of talk about real estate being a bad investment. Many financial and economic advisers suggest buying a home may be worse for your finances than renting. However, I think most people do not take the home buying or selling process seriously. They put all their faith in other people to get the right deal done for them. If you blindly buy a house based on what

your real estate agent or lender tell you, it may not be a good investment! However, if you are able to find great deals, get a good loan, and take care of your home, real estate can be an incredible tool to build wealth. I am a real estate agent, and real estate investor who has done very well buying hundreds of houses. I try to teach what I know to others to help them make smarter and better decisions. If you know the right way to buy a home, it beats renting every time. There is a lot of information in this book, and depending on your real estate experience you may know some of it, or be familiar with a lot of it. I have created four sections with many chapters to make it easy to navigate. The first part of the book focuses on the bare basics of buying and selling houses, while the later sections go deeper into each aspect of real estate. I hope you enjoy the book and learn how to make your real estate purchases awesome investments.

### **The Book on Managing Rental Properties**

Brandon Turner 2015-10-28 No matter how great you are at finding good rental property deals, you could lose everything if you don't manage your properties correctly! But being a landlord doesn't have to mean middle-of-the-night phone calls, costly evictions, or daily frustrations with ungrateful tenants. Being a landlord can actually be fun IF you do it right. That's why Brandon and Heather Turner put together this comprehensive book that will change the way you think of being a landlord forever. Written with both new and experienced landlords in mind, *The Book on Managing Rental Properties* takes you on an insider tour of the Turners' management business, so you can discover exactly how they've been able to maximize their profit, minimize their stress, and have a blast doing it! Inside, you'll discover: - The subtle mindset shift that will increase your chance at success 100x! - Low-cost strategies for attracting the best tenants who won't rip you off. - 7 tenant types we'll NEVER rent to--and that you shouldn't either! - 19 provisions that your rental lease should have to protect YOU. - Practical tips on training your tenant to pay on time and stay long term. - How to take the pain and stress out of your bookkeeping and taxes. - And much more!

*A Promised Land* Barack Obama 2020-11-17 A riveting, deeply personal account of history in the making—from the president who inspired us to

believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. *A Promised Land* is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of "hope and change," and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about

how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

*What Every Real Estate Investor Needs to Know About Cash Flow... And 36 Other Key Financial Measures, Updated Edition* Frank Gallinelli 2015-11-20 The Classic Guide to Real Estate Investing—Updated for a Re-energized Industry! Real estate expert, Frank Gallinelli has added new, detailed investment case studies, while maintaining the essentials that have made his book a staple among serious investors. Learn how to measure critical aspects of real estate investments, including: Discounted Cash Flow Net Present Value Capitalization Rate Cash-on-Cash Return Net Operating Income Internal Rate of Return Profitability Index Return on Equity Whether you're just beginning in real estate investing or you're a seasoned professional, *What Every Real Estate Investor Needs to Know About Cash Flow* has what you need to make sure you take the smartest approach for your next investment using proven calculations.

*Real Estate Investing* Jim Pellerin 2015-09-01 The mechanics of Real Estate Investing is simple: Buy a house and do something with it. Fix it and rent it, or just sell it. Sounds simple doesn't it? Yet only a small percentage of us have enough courage to go out and take advantage of the opportunities that are available to us. Real Estate Investing can be more promising than stocks, bonds and various other securities because of the higher rates of return. In this book I show you how to get started by describing the different types of skills you need, by showing you how to

take control of your personal and financial situation and by helping you decide what type of real estate investing you want to get involved in. I also show you how to find properties, how to analyze them and how to make an offer that makes sense. And finally I describe what you need to do to manage your investment and ultimately how to sell your investment for the most profit. I have been involved in real estate investing for over 20 years. I have yet to find a book that focuses on the investor and the overall process. Sure, there are lots of books on fix and flips, buy, rent and hold, rent to own, etc. However, I haven't found any good books on how to really get started in the real estate investing process from a practical viewpoint. The technical aspects of real estate investing are really quite easy. But if it's so easy, then why isn't everyone doing it? This book is for people who are serious about getting started in real estate investing and who want to join the 5% of those who actually take action and invest. This book provides a strategic approach with the tried and tested methods and principles that have helped others make millions in real estate.

**Long-Distance Real Estate Investing** David Greene 2017-12-14 Live where you want, and invest anywhere it makes sense. "It is a common misperception in real estate investing that you should buy only where you live. David Greene has put that myth to rest... This is a must-read for investors who want to expand their real estate empire nationwide." --David Osborn, bestselling author of *Wealth Can't Wait* Are you interested in real estate investing, but you live in a hot market that is not suited for buy and hold investing? Do you want to take advantage of wealth-building opportunities, but that seems impossible until the next market crash? Real estate investing is one of the greatest vehicles to build wealth, but it doesn't make sense in every market. Some locations provide incredible returns, while others make it almost impossible to find a single property that profits. Traditionally, investing out of state has been considered risky and unwise. But the rules, technology, and markets have changed: No longer are you forced to invest only in your backyard! In his book, real estate investor and police officer David Greene shows you exactly how he's built a multi-million dollar portfolio through buying, managing, and flipping out-of-state properties, often without ever even seeing the properties in person. David shares every tip, trick, and system he has put in place for over twenty rental properties, so you can avoid making mistakes and shorten your learning curve immensely! What's inside: How to assemble an all-star team to handle each aspect of a deal from A-Z. How to find great deals in any state, regardless of where you live. How to rehab a project from thousands of miles away without worry or complication. How to speak the language of the agents, contractors, lenders, and property managers you will use. How to quickly and easily know which neighborhoods to buy, and which to pass in. How to choose the best materials for your rehab projects and pay the least amount of money. ...And more! Don't let your location dictate your financial freedom. Get the inside scoop to invest--and succeed--anywhere!

**The Real Estate Roadmap** Daniel Hart 2020-04-27 This book outlines conservative methods for reproducing the financial success created by experienced residential real estate

investors. These are methods that anyone can use to improve their quality of life and level of financial freedom, regardless of their current life situation. By following the same steps that other successful investors have already taken we can reliably duplicate their success. The knowledge in this book can be applied to any business, not just real estate. The skills taught here are of great value to any entrepreneur. The book begins by discussing essential life skills and disciplines that must be developed before you begin in business. It will progress from basic real estate theory to creative strategies, and then it will teach you how to generate the leads necessary to implement those strategies. After learning the science of marketing to sustain lead generation, the book will teach you about modern sales and negotiation tactics, two commonly overlooked business skills. It will then show you how to successfully convert those leads into deals by taking them all the way to closing. Finally, it examines the use of corporate entities to protect your profits, and how to lend your earnings to other real estate investors if you choose a more passive role in the business. Not everyone will begin this read with the same level of knowledge, so for those just beginning your business pursuits it will be important to take the time to read the information at the beginning of the book that precedes the real estate discussion. Even if you have business or real experience, and are familiar with a particular topic, there is always more to learn, and I promise that even the seasoned pro will walk away with some new nuggets of wisdom. When I began educating myself, the materials I read lacked the structure that I desired, which was an organized high level overview of the most popular, the most reproducible, and the most consistent and efficient investment strategies. I was not looking for the quickest way to get rich, but rather I was looking for the most reliable way to get rich. I wanted to know which methods returned the most value with the least amount of time. Most importantly, I was looking for strategies that would generate income that would replace what I earned at my 9 to 5 job. I suspect that this is what you are looking for as well. Only a few of the transactions that I explain will be examples, and the majority of the transactions shown are real life deals that I have actually completed. There is

no exaggeration or embellishment. This is truly a non-fiction book. However, some names and most addresses have been changed for privacy. It is important to note that the property values that we discuss may differ greatly from your region. While you may need to add another zero (or two) for your specific market, you more than likely can apply the same rules and formulas that we discuss. Do not be shocked by the low purchase prices mentioned. They are a product of both buying far below market value and relatively low median home prices in my region during the previous decade. While the values differ in every region, the formulas for success remain the same.

**Real Estate Investing For Dummies** Eric Tyson 2009-04-15 *Real Estate Investing For Dummies*, 2nd Edition, is completely revised and updated to help you overcome the challenges and and take advantage of the opportunities in any real estate environment, including a down market. But Eric Tyson and Robert Griswold's core message remains as relevant today as it did upon the initial publication of *Real Estate Investing For Dummies* -- investing in real estate is time-tested vehicle to build wealth in the long term. Tyson and Griswold don't tell you how to become a millionaire overnight. Instead, they offer proven, practical, and actionable advice so that if you chose to invest in income-producing properties, you can do so wisely and confidently.

*The White Coat Investor* James M. Dahle 2014-01 Written by a practicing emergency physician, *The White Coat Investor* is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life

saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a "Backdoor Roth IRA" and "Stealth IRA" to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For *The White Coat Investor* "Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place." - Allan S. *Buy, Rent and Sell: How to Profit by Investing in Residential Real Estate* Robert Irwin 2001-04-22

The time has never been better for investing in real estate, and this book arms the millions of investors who are returning to real estate as an established instrument of wealth creation with surefire strategies for making a killing in the real estate market. Due to the pent-up demand for housing caused by the lull in housing starts during the 90s, as many as 11 million would-be American home-owners are currently vying for a rapidly dwindling pool of available properties. In *Buy, Rent, and Sell* Bob Irwin, one of America's most well-known and respected real estate author/experts, provides nuts-and-bolts advice and guidance on how to find good investment properties, how to successfully rent them, and how to quickly turn them around for a profit. Written in Irwin's trademark down-to-earth, jargon-free style, *Buy, Rent, and Sell* is an indispensable guide for novices as well as experienced real estate investors.

**Hold** Steve Chader 2012-10-02

*Summary: Buy, Rent & Hold* BusinessNews Publishing 2013-02-15 The must-read summary of Robert Irwin's book : "Buy, Rent & Hold: How to Make Money in a "Cold" Real Estate Market". This complete summary of the ideas from Robert Irwin's book "Buy, Rent & Hold" shows that investing in real estate is deceptively simple. This summary explains that, all you need to know is summed up in the strategy Buy - Rent - Hold.

That is: 1. Buy property when the market is tracking downwards before it reaches the bottom; 2. Rent your property aggressively to cover your carrying costs – the mortgage, maintenance, taxes, etc; and 3. Hold the property until the market reaches its peak, at which time you then sell. In essence, that's all there is to it. Of course, the difference between a theory and actual profits lies in the execution. **ABCs of Buying Rental Property** Ken McElroy 2020-09-29 Many Americans dream of financial freedom, but they're stuck in dead-end jobs and don't know how to get there. You don't need to be one of them. If you invested \$35,000 in the stock market today, it could take 52 years for that investment to grow to \$1 million. But if you invested that same amount into one single-family \$140,000 rental property, it would only take 19 years. With just two rental properties, you could generate \$417,000 in profit in just 10 years. Skeptical? Good, because that's the first sign of a smart investor. This book will tackle that skepticism head on... and give you confidence and a path to financial freedom. **THIS BOOK WILL TEACH YOU HOW TO:** - Secure your investment money - Find your ideal market--and a positive-cash-flow property - Efficiently manage your property - Handle your record keeping - Boost revenues and cut costs - File your taxes using a step-by-step process - Build your real estate portfolio

*Financial Freedom with Real Estate Investing* Michael Blank 2018-07-16 Discover the (surprising) secret to lifelong financial freedom with real estate investing. Real estate has always been a powerful tool for investing, and many people believe that a single-family home investment strategy will help them achieve their goals. However, the true path to financial freedom using real estate is found in apartment buildings. Real estate investing expert and author Michael Blank learned that once investors did their first deal, the curious "Law of the First Deal" led to the second and third deals in rapid succession. Most were able to quit their jobs within 3-5 years of getting started. Of course, when most people hear "apartment buildings"

they immediately assume they need years of investing experience and money saved up to be able get into the game. This simply isn't true. Michael has compiled the results of his research into his new book, *Financial Freedom with Real Estate Investing: The Blueprint to Quitting Your Job with Real Estate - Even without Experience or Cash*. He's outlined the "Financial Freedom Blueprint" that guides you through your first multifamily deal, even if you have no prior experience or your own cash.

**Summary: Unlimited Riches** BusinessNews Publishing 2014-11-12 The must-read summary of Robert Shemin's book: "Unlimited Riches: Making Your Fortune in Real Estate Investing". This complete summary of the ideas from Robert Shemin's book "Unlimited Riches" shows that real estate is the best wealth-building mechanism available. As well as being the safest form of investment, it is also the most accessible and most lucrative form of investment you can make. For these reasons, every person should include a real estate investment component in their personal financial planning. In his book, the author explains that the only way to invest successfully is "buy-hold-rent". This summary demonstrates this strategy in detail and how you can use it to guarantee investment success. Added-value of this summary: • Save time • Understand key concepts • Expand your investment knowledge To learn more, read "Unlimited Riches" and discover how you can make your fortune by investing in real estate. [Investing in Rental Properties for Beginners](#) Lisa Phillips 2018-08-13 This book is about investing in sub \$30k properties (under \$30,000) and becoming a wealthy real estate investor enjoying the profits now, rather than later ... with only 2-5 properties instead of hundreds or overly priced properties. This book on investing in rental properties for beginners is the foundation of what I've built 47,000 person social media platform on - helping the average person get involved in rental properties on an average income, and building the cash flow of their dreams with 2-5 properties. That's it. This will teach you (the ordinary investor) how to tailor your investment strategy to your pocketbooks (and no one else's). You don't need to ask your parents or friends for loans because the best approach to building a rental portfolio is by purchasing units in modest

neighborhoods that offer really high rents (i.e. purchase a \$44,000 rental that earns \$1200 a month in rents). If being a real estate investor is your dream and being a landlord is not, this is the book for you! The author will personally take you through the steps she's used on over 560 people to build their dream income and lifestyle.
