The Discipline of Market Leaders Michael Treacy 2007-03-20 Why is it that Casio can sell a calculator more cheaply than Kellogg's can sell a box of corn flakes? Why can FedEx "absolutely, positively" deliver your package overnight but airlines have trouble keeping track of your bags? What does your company do better than anyone else? What unique value do you provide to your customers? How will you increase that value next year? As customers' demands for the highest quality products, best services, and lowest prices increase daily, the rules for market leadership are changing. Once powerful companies that haven't gotten the message are faltering, while others, new and old, are thriving. In disarmingly simple and provocative terms, Treacy and Wiersema show what it takes to become a leader in your market, and stay there, in an ever more sophisticated and demanding world. *Best Practice Intermediate* Bill Mascull 2007-01-01 Best Practice is a four-level business English course designed for use by both pre-work students and in-work students. Its topic-based modules train students in the English needed for both the professional and personal sides of modern business life.
