Modern Spanish Grammar Christopher Pountain 2004-06-01

Modern Spanish Grammar: A Practical Guide is an innovative reference guide to Spanish, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. The shorter section covers traditional grammatical categories such as word order, nouns, verbs and adjectives. The larger section is carefully organized around language functions and notions such as: giving and seeking information putting actions into context * expressing likes, dislikes and preferences comparing objects and actions. All grammar points and functions are richly illustrated and information is provided on register and relevant cultural background. Written by experienced teachers and academics, the Grammar has a strong emphasis on contemporary usage. Particular attention is paid to indexing and cross-referencing across the two sections. This is the ideal reference grammar for learners of Spanish at all levels, from elementary to advanced. It will prove invaluable to those with little experience of formal grammar, as no prior knowledge of grammatical terminology is assumed and a glossary of terms is provided. The book will also be useful to teachers seeking back-up to functional syllabuses, and to designers of Spanish courses.

Making and Rethinking the Renaissance Giancarlo

Abbamonte 2019-06-04 The purpose of this volume is to investigate the crucial role played by the return of knowledge of Greek in the transformation of European culture, both through the translation of texts, and through the direct study of the language. It aims to collect and organize in one database all the digitalised versions of the first editions of Greek grammars, lexica and school texts available in Europe in the 14th and 15th centuries, between two crucial dates: the start of Chrysoloras's teaching in Florence (c. 1397) and the end of the activity of Aldo Manuzio and Andrea Asolano in Venice (c. 1529). This is the first step in a major investigation into the knowledge of Greek and its dissemination in Western Europe: the selection of the texts and the first milestones in teaching methods were put together in that period, through the work of scholars like Chrysoloras, Guarino and many others. A remarkable role was played also by the men involved in the Council of Ferrara (1438-39), where there was a large circulation of Greek books and ideas. About ten years later, Giovanni Tortelli, together with Pope Nicholas V, took the first steps in founding the Vatican Library. Research into the return of the knowledge of Greek to Western Europe has suffered for a long time from the lack of intersection of skills and fields of research: to fully understand this phenomenon, one has to go back a very long way through the tradition of the texts and their reception in contexts as different as the Middle Ages and the beginning of Renaissance humanism. However, over the past thirty years, scholars

have demonstrated the crucial role played by the return of knowledge of Greek in the transformation of European culture, both through the translation of texts, and through the direct study of the language. In addition, the actual translations from Greek into Latin remain poorly studied and a clear understanding of the intellectual and cultural contexts that produced them is lacking. In the Middle Ages the knowledge of Greek was limited to isolated areas that had no reciprocal links. As had happened to many Latin authors, all Greek literature was rather neglected, perhaps because a number of philosophical texts had already been available in translation from the seventh century AD, or because of a sense of mistrust, due to their ethnic and religious differences. Between the 12th and 14th century AD, a change is perceptible: the sharp decrease in Greek texts and knowledge in the South of Italy, once a reference-point for this kind of study, was perhaps an important reason prompting Italian humanists to go and study Greek in Constantinople. Over the past thirty years it has become evident to scholars that humanism, through the re-appreciation of classical antiquity, created a bridge to the modern era, which also includes the Middle Ages. The criticism by the humanists of medieval authors did not prevent them from using a number of tools that the Middle Ages had developed or synthesized: glossaries, epitomes, dictionaries, encyclopaedias, translations, commentaries. At present one thing that is missing, however, is a systematic study of the tools used for the study of Greek between the 15th and 16th century; this is truly important, because, in the following centuries, Greek culture provided the basis of European thought in all the most important fields of knowledge. This volume seeks to supply that gap.

A Complete Grammar of Esperanto (illustrated) IVY

KELLERMAN Illustrated with 10 images. This book will be a descriptive grammar of the Esperanto language invented by L. L. Zamenhof, which will be complete and comprehensive in regards to a) the grammar of Esperanto as first outlined by Zamenhof in Fundamento de Esperanto and other foundational documents, and b) Esperanto as it is spoken today by the most committed Esperantists. (Proposed reforms to the Esperanto language will be discussed if they have serious support from a significant fraction of Esperanto enthusiasts). This book was started practically on a dare from the August 2006 issue of Bob's Poetry Magazine, in which Robert Happelberg boasted that he could print a complete and comprehensive grammar of Esperanto in just one 6 by 7 inch page. While this is obviously wrong, it's not too

far off the mark. When completed, this book will require several standard size (8.5 by 11 in the USA) pages, but will still be much shorter than a complete grammar of a natural language like English or Slovene. In view of this goal, the number of examples provided for each concept will be kept to a bare minimum. Those wishing to build their Esperanto vocabularies are also referred to the Esperanto textbooks. It is acceptable in the beginning to word the text in an accessible manner like in a textbook, but the goal should be for all the text to be technical with a full command of linguistic jargon.

Travels Through France and Italy Tobias Smollett 1919
iAvancemos!. Ana C. Jarvis 2013 Transports students beyond the classroom on an exciting journey through the diverse Spanish-speaking world. The perfect blend of culture, instruction and interaction enables and motivates students to succeed. Units are built around countries and cities. The Emergence of Social Space Kristin Ross 1988-01-01
Plazas Robert Hershberger 2001 Plazas is based on the premise that true, authentic communication takes place where language and culture meet. In the real world, plazas are about meeting and connecting, and are, therefore, at the very heart of each and every Hispanic city. Likewise, Plazas was designed to bring you and your students together to communicate and interact. Invoking the metaphor of the plaza, Plazas intends to be a meeting place, a lugar de encuentro, for the Spanish-speaking world both in and outside of the classroom.

Ghost Brothers Rony Blum 2005-05-12 Devastating losses caused by diseases such as smallpox led to an epidemic of bereavement among the Natives. This loss resonated with the French, who had dealt with smaller epidemics in France and were also mourning their absent communities through a nostalgia for home. Blum traces how ghosts provided transgenerational and transcultural links that guided understanding rather than encouraging violence. Ghost Brothers insightfully examines the process of this colonial interdependent alliance between Native and European worlds.

Danigo! French Grammar Reorganised Ian H. Magedera 2004

A workbook and textbook, intended for intermediate, advanced and adult learners of French, has been written by an instructor with many years experience in direct response to the difficulties experienced by students. It teaches grammar by means of comparisons between French and the structures of spoken English.

Tu Diras! Ana Martínez-Lage 1998-08-01 The Activities Manual is carefully integrated with the textbook and is complete with an enhanced section for practicing grammar and vocabulary usage, listening and pronunciation practice exercises to accompany the laboratory audio program, and a separate answer key to make correcting student homework a snap.

Plazas Robert Hershberger 2016-01-01 PLAZAS: LUGAR DE ENCUENTROS, 5th Edition, is a two- or three-semester introductory Spanish program designed to support and enhance your students' language learning experience. PLAZAS transports your students to a Spanish-speaking country or region for an authentic and personalized cultural language-learning experience. Culture is embedded into every page of PLAZAS, giving your students an appreciation of different cultural practices and perspectives. Thanks to an exclusive partnership with the National Geographic Society, the fifth edition facilitates multi-modal interactions with cultural information in new and revised sections. The program's pedagogy continues to be firmly rooted in the research of the National Standards for Foreign Language Learning, or the Five Cs--Communication, Cultures, Connections, Comparisons, and Communities. The new A explorar! section draws upon all five standards in an engaging manner while previewing the content of the lesson. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Plazas: Lugar de encuentros Robert Hershberger 2007-10-03 At the heart of every Spanish-speaking community, the plaza is a place for people to come together and connect. Inspired by this metaphor, PLAZAS: LUGAR DE ENCUENTROS draws students into the study of Spanish by creating a meeting place in every classroom. Each chapter of this successful beginning Spanish program unites the latest in language research with the reality of students and classrooms today, providing opportunities for real-life communication using the rich and colorful threads of Spanish-speaking cultures. With each chapter students are transported to a Spanish-speaking country or region for an authentic, personalized cultural language-learning experience. With this approach, culture is embedded into every page of PLAZAS, giving your students an appreciation of different cultural practices and perspectives. This Third Edition features the increased use of visuals throughout to enhance authenticity, aid in comprehension, address the different learning styles of today's students, and ultimately promote acquisition of the language. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Plazas Robert Hershberger 2010-11-12 Provided to instructors to share with students at their own discretion, the Answer Key provides answers to all activities in the Workbook/Lab Manual/Video Manual and is accompanied by the printed transcript of the Lab Audio and Video Transcript. Based on reviewer feedback,

audio is shortened and simplified in this edition to be more comprehensible to introductory students.

With innovative instructional media supporting a culturally rich textbook, TÚ DIRÁS! puts the Hispanic world at your students' fingertips!

Hola, amigos! Ana Jarvis 2013-01-01 This highly accessible, manageable program is user-friendly for instructors, teaching assistants, and students. Known for its succinct and precise grammar explanations, its presentation of high-frequency and practical vocabulary, and its overall flexibility, HOLA, AMIGOS! continues to maintain its appeal with instructors regardless of their preferred methodology. The program is designed to develop students' ability to communicate effectively in Spanish in a variety of situations as well as to strengthen cultural awareness and competence. It offers a full scope and sequence, yet is brief enough to be used effectively for a two-semester course. The eighth edition features an enhanced integration and presentation of culture and new and exciting technology components. All components are fully integrated with the flexibility to accommodate a range of scheduling factors, contact hours, course objectives, and ability levels. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

In the Grip of Minos Matthew James Senior 1994 Following Trent, a new mode of confession makes its appearance, a baroque discourse in which "the heart speaks to the heart." Senior argues that Corneille similarly creates a new kind of hero who distinguishes himself as much by the confessional trial of self-statement as by his military exploits. In the work of Racine, Senior notes, Minos appears again, tormenting the conscience of Phedre.

Nexos (Looseleaf Version with Audio CD) Sheri Spaine Long 2009-01-02 Help your students connect to the language and cultures of the Spanish-speaking world with the completely integrated print and digital components that comprise the 2nd Edition of the NEXOS program. High-interest cultural themes and related activities encourage students to engage in meaningful communication using interpersonal, interpretive, and presentational modes. NEXOS' realistic pacing of material, easy-to-use grammar, practical vocabulary, and an engaging storyline video?which contextualizes grammar and vocabulary?all work together to help students gain confidence and move quickly toward proficiency. Whether you teach a traditional classroom course, a hybrid course (combination of classroom and online), or an online distance-learning course, the 2nd Edition of NEXOS offers solutions through carefully integrated resources that can be combined in any way, giving you the freedom to easily use the NEXOS program to teach your course your way.

Système-D 4.0 Frank Dominguez 2004-06 Simply the best

investment for anyone learning to write in French! This powerful program combines the features of a word processor with databases of language reference material, a searchable dictionary, a verb conjugating reference, and audio recordings of vocabulary, and example sentences. You will quickly learn to read, analyze, see word associations, and understand the link between language functions and linguistics structures in French. **The Art of Needle-work, from the Earliest Ages** Elizabeth Stone 1841

Architecture and the Historical Imagination Martin Bressani 2016-04-15 Hailed as one of the key theoreticians of modernism, Eugène-Emmanuel Viollet-le-Duc was also the most renowned restoration architect of his age, a celebrated medieval archaeologist and a fervent champion of Gothic revivalism. He published some of the most influential texts in the history of modern architecture such as the Dictionnaire raisonné de l'architecture française du XIe au XVIIe siècle and Entretiens sur l'architecture, but also studies on warfare, geology and racial history. Martin Bressani expertly traces Viollet-le-Duc's complex intellectual development, mapping the attitudes he adopted toward the past, showing how restoration, in all its layered meaning, shaped his outlook. Through his life journey, we follow the route by which the technological subject was born out of nineteenth-century historicism.

Books in Print Supplement 2002

Countdown to Spanish Gail Stein 2003-09-22 Master Spanish in just one day When time is of the essence, trust Countdown to Spanish to help readers master the language quickly and effectively. Organized into 24 units--each of which is designed to take no more than one hour to study--this self-instruction book presents material in a "countdown" fashion, from Hour 24 all the way down to 0, allowing learners to gauge their progress along the way. Beginning with a basic introduction of grammar and vocabulary fundamentals, the units move quickly to practical conversational skills for both vacation and business travelers. Upon completion of the guide--the equivalent of just one day--readers eager to apply their newly honed language skills will be able to communicate in a variety of everyday, real-world situations.

Forthcoming Books Rose Arny 1996-06

Tu Diras Irm Gutierrez 1998-09

Manual of Deixis in Romance Languages Konstanze Jungbluth 2015-10-16 Deixis as a field of research has generated increased interest in recent years. It is crucial for a number of different subdisciplines: pragmatics, semantics, cognitive and contrastive linguistics, to name just a few. The subject is of particular interest to experts and students, philosophers, teachers, philologists, and psychologists interested in the study of their language or in comparing linguistic structures. The different deictic structures – not only the items themselves, but also the oppositions between them – reflect the fact that neither the notions of space, time, person nor our use of them are identical cross-culturally. This diversity is not restricted to the difference between languages, but also appears among related dialects and language varieties. This volume will provide an overview of the field, focusing on Romance languages, but also reaching beyond this perspective. Chapters on diachronic developments (language change), comparisons with other (non-)European languages, and on interfaces with neighboring fields of interest are also included. The editors and authors hope that readers, regardless of their familiarity with Romance languages, will gain new insights into deixis in general, and into the similarities and differences among deictic structures used in the languages of the world.
