The Namesake Jhumpa Lahiri 2007-03 Gogol is named after his father's favourite author. the COVID-19 (coronavirus) pandemic. The Report not only projects the immediate impact of the crisis on investment flows, but also assesses how it could affect a long-term structural transformation of international production. The theme chapter of the Report reviews the evolution of international production networks over the past three decades and examines the configuration of these networks today. It then projects likely course changes for the next decade due to the combined effects of the pandemic and pre-existing megatrends, including the new industrial revolution, the sustainability imperative and the retreat of laissez faire policies. The system of international production underpins the economic growth and development prospects of

most countries around the world. Governments worldwide will need to adapt their investment and development strategies to a changing international production landscape. At the request of the UN General Assembly, the Report has added a dedicated section on investment in the Sustainable Development Goals, to review global progress and propose possible courses of action.

**SOS Help for Parents** Lynn Clark  
1996-01-01 This second edition of  
"SOS" provides parents with guidance  
for handling a variety of common  
behavior problems based on the  
behavior approach to child rearing  
and discipline. This approach  
suggests that good and bad behavior

are both learned and can be changed, and proposes specific methods, skills, procedures, and strategies for parents to use in getting improved behavior from their children. The guide is divided into four sections. Section 1 presents some fundamentals of child behavior and effective discipline. Some of the causes of children's misbehavior are examined as well as ways of increasing good behavior and eliminating bad ones. Section 2 provides advice for implementing the "time-out" method. Section 3 gives suggestions on how to: (1) manage bad behavior away from home; (2) use points, tokens, and contracts; (3) use time-out on two children at the same time; (4) use time-out on a toy instead of the child; (5) handle aggressive and dangerous behavior;

and (6) help children express feelings. Section 4 suggests some additional resources for helping children. Each chapter includes a review of the most important ideas and instructions presented. The book's two appendices include an index of problem behaviors, quizzes and answers for parents, more resources for professionals, and tear-out sheets for parents and teachers. Approximately 60 references are included. A videotape, not available from ERIC, demonstrates the child-rearing rules, and errors to avoid, as well as other child management methods. A printed "Video Leader's Guide" for the training leaders provides objectives, suggested outlines for workshops, and guidelines for discussing the behavior vignettes in the video.

Workshop evaluation forms and handouts are appended. A parent audio cassette on how to use "time out" effectively is also part of this multimedia package. (HTH)
