Space Between the Stars - Deborah Santana 2006-04-11

Deborah Santana is best known for her marriage to music icon Carlos Santana—a thirty-year bond that endures to this day. But as a girl growing up in San Francisco in the 1960s, daughter of a white mother and a black father—the legendary blues guitarist Saunders King—her life was charged with its own drama long before she married. In this beautiful, haunting memoir, Deborah Santana shares for the first time her early experiences with racial intolerance, her romantic involvement with musician Sly Stone and the suffering she endured in that relationship, and her adventures in the freewheeling 1960s. Yet it is her spiritual awakening that is the core of this story. The civil rights movement was the foundation of her growth, the Woodstock era the backdrop of her love with Carlos. The couple was drawn indelibly together by a search for truth and spirituality, but while yearning to be filled with God's light, they were pulled dangerously toward a manipulative cult. They eventually disengage themselves from the guru and reclaim control of their lives, putting their love for each other before the cult's increasingly strenuous demands. Space Between the Stars is a moving account of self-discovery, rendered in raw, beautiful prose, by a woman whose heart has remained pure even in times of despair. As Deborah Santana talks frankly about her lifelong fight against racial injustice and her deep-seated loyalty to her family, ultimately it is the struggle to remain a spiritual and artistic force in her own right, in the shadow of one of the world's most revered musicians, that shines through as her most indomitable pursuit.

Breathers - S.G. Browne 2009-03-03

For fans of Max Brooks's *The Zombie Survival Guide* and zombie aficionados everywhere, a hilarious debut novel about life (and love) after death. Meet Andy Warner, a recently deceased everyman and newly minted zombie. Resented by his parents, abandoned by his friends, and reviled by a society that no longer considers him human, Andy is having a bit of trouble adjusting to his new existence. But all that changes when he goes to an Undead Anonymous meeting and finds kindred souls in Rita, an impossibly sexy recent suicide with a taste for the formaldehyde in cosmetic products, and Jerry, a twenty-one-year-old car-crash victim with an exposed brain and a penchant for Renaissance pornography. When the group meets a rogue zombie who teaches them the joys of human flesh, things start to get messy, and Andy embarks on a journey of self-discovery that will take him from his casket to the SPCA to a media-driven class-action lawsuit on behalf of the rights of zombies everywhere. Darkly funny, surprisingly touching, and gory enough to satisfy even the most discerning reader, *Breathers* is a romantic zombie comedy (rom-zom-com, for short) that will leave you laughing, squirming, and clamoring for more.

All they have to do is ensure they stay in the top ten beautiful girls in their year. My Lost Daughter - Nancy Taylor Rosenberg 2010-09-14

Following her success with *The Cheater*, Nancy Taylor Rosenberg returns to her most memorable character, Lily Forrester. Lily is a tough judge in Ventura County, California, who has overcome adversity and heartache to achieve a position of power to help those who can't help themselves. Like the current case before her, the sensational murder trial of a woman who tortured and killed her beautiful two-year old son. Lily is determined to see justice done but she's thrown for a loop when she receives word that her own daughter, Shana, months away from graduating from Stanford Law School, is on the verge of dropping out. Lily rushes north and what she discovers causes her to fear for her daughter's mental state. She must get back to the trial and decides that she will take Shana to a facility where they can evaluate her and if needed give her some counseling or medication. Which is when things go horribly awry. For the institution that Lily has chosen is far less interested in treating patients than it is with bilking the insurance companies out of extravagant fees...and they are less than scrupulous about patient's rights. Discovering the awful truth, Lily will have to summon all her intelligence and street smarts to find a way to free Shana. She will have to work fast however, for there is someone at the facility who seems to have his own agenda separate from the institution. And Lily's daughter may not only be in danger of losing her sanity but her life. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Giggleswick: Your Next Station Stop - Lori Anderson 2021-03-17

Just before she turns 50, Molly marries Daniel and moves from sunny Radford Virginia in the pristine Appalachian Mountains of Virginia on the Mid-Atlantic eastern seaboard of America to gray Lancaster in the northwest of England and finds herself in a very different culture. As Molly travels for work across England, she often takes a train through the idyllic village of Giggleswick in the beautiful and mournful Yorkshire Dales. It is during these train trips that the Big Idea of Home comes knocking at Molly's door and demands her attention. Giggleswick is a novel about home. Giggleswick considers what home means to us when the ground under us trembles and fault lines are hurled through what we once thought was our safe harbor. During the time Molly muses about home, she also faces several challenges. Giggleswick is a portrayal of fortitude and a reminder that we are all dealing with more than we share. Giggleswick weaves a tapestry of past and present; adversity with the ordinary and humorous. Giggleswick is a celebration of the richness of the inner world of an ordinary character. Raquel - Raquel Welch 2010-01-05

She didn't hatch out of an eagle's nest, circa One Million Years B.C., clad in a skimpy fur bikini. She didn't aspire to fame as a sex symbol. Yet, for many years after making her Hollywood entrance as every man's fantasy, Raquel Welch was best known for her beauty and sex appeal. A private person, she allowed people to draw their own conclusions from her public image. Now, Raquel Welch is ready to speak her mind. And, with the luxury of hindsight and the benefit of experience, she has plenty to share about the art of being a woman—even men will find it enlightening to read about what makes her tick. In *Beyond the Cleavage*, Raquel Welch talks, woman to woman, about her views on all that comes with being a member of the female sex—love, sex, style, health, body image, career, family, forgiveness, aging, and coming of age. Looking back on her life, she lets women in on her childhood, dominated by a volatile father; her first love, marriage, and divorce; her early struggles as a single working mother in Hollywood; her battles for roles and respect as an actress; and her daring decision never to lie about her age. Looking forward, she offers women a compass to guide them at every crossroad of life, from menopause through the empty nest years, to dating younger men and beyond. Along with bringing baby boomers into her confidence—she offers essential tips for staying motivated and positive past fifty, as well as divulging her secrets for fabulous hair and makeup—she even talks to today's younger generation of women about the importance of carrying themselves with dignity and self-respect. With warmth, humor, conviction, and honesty, Raquel reveals her approach to preventative aging, her life-changing commitment to yoga, her recipe for eating right, her skincare regimen, her flair for fashion, and much more.

Even if Your Heart Would Listen - Elise Schiller 2019-08-27

In January 2014, Elise Schiller's youngest child, thirty-three-year-old Giana Natali, died of a heroin overdose while a resident in a treatment program in Boulder County, Colorado. *Even if Your Heart Would Listen* is about Giana's life, which was full of accomplishments, and her mental illness, addiction, and death. Using excerpts from the journals, planners, and letters Giana left behind, as well as evidence from her medical records, Schiller dissects her daughter's treatment for opioid use disorder (OUD) at the five residential and several outpatient programs in eastern Pennsylvania where she tried to recover, taking a close look at the lack of continuity and solid medical foundations in the American substance-use treatment system even as she explores the deeply personal experience of her own loss. Poignant and timely, *Even if Your Heart Would Listen* is a meditation on a family's grief, an intimate portrayal of a mother-daughter bond that endures, and an examination of how our nation is failing in its struggle with the opioid epidemic.
