The Book of New Israeli Food - Janna Gur
2008-08-26

In this stunning new work that is at once a coffee-table book to browse and a complete cookbook, Janna Gur brings us the sumptuous color, variety, and history of today's Israeli cuisine, beautifully illustrated by Eilon Paz, a photographer who is intimate with the local scene. In Gur's captivating introduction, she describes Israeli food as a product of diverse cultures: the Jews of the Diaspora, settling in a homeland that was new to them, brought their far-flung cuisines to the table even as they looked to their Arab neighbors for additional ingredients and ideas. The delicious, easy-to-follow recipes represent all of these influences, and include some creative interpretations of

classics by celebrated Israeli chefs: Beetroot and Pomegranate Salad, Fish Falafel in Spicy Harissa Mayonnaise, Homemade Shawarma, Chreime-North African Hot Fish Stew, Roasted Chicken Drumsticks in Carob Syrup. With favorite recipes for the Sabbath (Sweet Challah Traditional Chopped Liver, Chocolate and Halva Coffeecake) and for holidays (Balkan Potato and Leek Pancakes, Flourless Chocolate and Pistachio Cake), this book offers a unique culinary experience for every occasion. All of this is enriched by Paz's gorgeous and vibrantly colored photographs and by short narratives about significant aspects of Israel's diverse cuisine, such as the generous and unique Israeli breakfast (which grew out of the needs of Kibbutz life), locally produced cheeses that now rival those of Europe, and a dramatic renaissance of wine culture in this ancient land. "In less than thirty years," Janna Gur writes, "Israeli society has graduated... to a true gastronomic haven." Here she gives us a book

that does full, delectable justice to the significance of Israeli food today-Mediterranean at its heart, richly spiced, and imbued with cross-cultural flavors.

The Last Prophecy - Murat Ukray 2021-01-26
Do the number Pi (π) contain everything within? Such as your date of birth, your date of death, even the date of the Doomsday. Well, what if someone knew that a long time ago and coded it somewhere? Could someone else have discovered America in the Middle Ages before Columbus? Well, what if this mysterious person is really a great Oracle who has to hide his talent, and what if his purpose of going there is not to discover a new continent, but to solve one of the world's greatest secrets, the Secret of a Mayan prophetic calendar that explains when the Doomsday in a Mayan pyramid is coming? The Mayans actually calculated the date of the Doomsday as 13.0.0.0 Baktun and they

encoded it into a giant calendar. Well, what did that actually mean? 13 Baktun was actually a giant code in which the Mayans, who were also adept at mathematics, placed the true date of the Doomsday into the number Pi (π), and it indicated a date that was not 2012 but further. Did the Mayans come up with this information themselves, or did they get it from a lost civilization far more advanced than themselves, called Atlantis? Oracle Bruno realized at the end of his 22 years of work that all this could not be a coincidence, and it was all about to fall into place. "It's all over, we can't go back now, it's too late!" he said to himself and removed the sarcophagus lid of the temple and placed the last of the three large stone disks in place. Now everything was ready, he was about to find out which date actually 13th Baktun coincide with that is the biggest secret of human history hidden in the Mayan Calendar, which is impossible to solve, by calculating the hidden code in the number of Pi: 13th Baktun: 13,3333

× 366,666 (day) = 4903rd code The 4903rd number of the Pi number Coincide with the year 2222. * * * In 1500, on a dark night in a farmhouse near Granada in Southern Spain, a gray-colored 1-meter extraterrestrial creature who called himself 'Alien' in his notes; stood in front of the door with two letters containing a series of prophecies about the future of the world and a mysterious map with a place marked on it, and with a huge picture that consisted of 100 scrambled numbers of some cryptic complex numbers and writing of future dates; and he was staring at Bruno with his big black eyes. In fact, this number picture, which is a giant 'Anagram', was a small piece of a giant spiral that began with 3.14... and extending to infinity, in which the histories of all the past and future events in the world were encoded. Alien suddenly threw the things in his hand towards him and began to run rapidly through the cornfield towards the lights descending from the sky 1 km away. As he began to run, the flying object began to quickly

descend from the sky and disappeared into the darkness. Bruno first glanced toward the direction of the alien and went with fearful eyes, he had neither seen nor heard anything like this in his entire life, except in the stories of Satan and Jinn, told by people in the Church. He was frozen with fear, he wanted to follow him in that direction, but he didn't dare. He then reached out to the papers on the ground and slowly picked them up from where the alien had left them. These two prophetic letters that Oracle Bruno received that night, and a map that shows the location of a mysterious 'Mayan calendar' in a temple in the middle of a great continent marked with "America" in Latin-like language, across Spain, and with "Atlantis" written in the middle, would in fact be the beginning of a struggle between God and Satan, which began with the expulsion of mankind from Heaven, and continuing until the Doomsday. So that, Bruno would realize before it was too late that this bloody struggle, which would cost him and all

his loved ones lives, was in fact the beginning of a great prophecy that concerned not only him but the end of all mankind. The chain of events that began in medieval Spain with a dramatic and bitter life and death struggle in the Inquisition led Bruno and his sister Sofia on a dangerous and long journey from Andalusia to a Mayan temple in Mexico, the center of the Mayan civilization, and it would eventually end with their execution. But the Great Prophecy that was announced would bring an end not only for the church or for them, but also the whole world this time. Because The Last Prophecy was leading humanity to the end of its story, the Doomsday, which started with the expulsion from Heaven. WHERE DID HUMANITY COME FROM, WHERE ARE WE GOING? YOU WILL FIND THE ANSWER TO THIS QUESTION IN THE LAST PROPHECY.

Digging Up Armageddon - Eric H. Cline
2022-05-17

"A vivid portrait of the early years of biblical archaeology from the acclaimed author of 1177 B.C.: The Year Civilization Collapsed In 1925, famed Egyptologist James Henry Breasted sent a team of archaeologists to the Holy Land to excavate the ancient site of Megiddo-- Armageddon in the New Testament--which the Bible says was fortified by King Solomon. Their excavations made headlines around the world and shed light on one of the most legendary cities of biblical times, yet little has been written about what happened behind the scenes.

Digging Up Armageddon brings to life one of the most important archaeological expeditions ever undertaken, describing the stunning discoveries that were made there and providing an up-close look at the internal workings of a dig in the early years of biblical archaeology."--
