About the Gansett Island Episodes... From Marie: My fictional island has become such a huge part of my life—and yours—over these last six years, and I've created so many characters who speak to me between books and during the writing of new ones. I

can't possibly give them all a new story in every book, but I still have so much to say about them. With that in mind, I'll be launching a new "Gansett Island Episodes" series in 2017, featuring shorter stories about past characters who readers love and want more of. Mixed in with these episodes will be at least one full-length book a year. So we'll have plenty more from our favorite island, with new stories for past characters as well as all-new stories, too. *From the Shtetl to the Stage* - Alexander Granach 2017-07-05

Alexander Granach, who died while he was acting on Broadway in 1945, brilliantly relates the remarkable story of his unlikely path from a poverty-stricken, rough-and-tumble childhood to success on the German stage. This is the account of a daring, curiosity-filled, and perceptive Jewish child from poor towns in Galicia who was seized with a passion for the theater when he saw his first show at the age of 14. He overcame great odds to become a leading stage and film actor in Weimar Germany - and he had to have both legs broken to do it! Born in what is now southern Ukraine, Granach began working at the age of six in his father's bakery, where his heavy tasks left him visibly knock-kneed. With very little formal education but open for adventure and willing to work hard, Alexander ran away several times, the last time to Berlin, at the age of 16, where his talent and charm won him a place in Max Reinhardt's theater school. His career was abruptly interrupted by World War I and his time as a prisoner of war in Italy, but after a daring escape and the end of the war he resumed his rise to prominence in German artistic life. A natural storyteller, Granach's autobiography captures equally the charms, adventures, and trials of his shtetl days, the horrors of trench warfare, and the glamour and excitement of the German theater before Hitler came to power.

**If Animals Could Talk** - Dr. Werner Gitt 2006-02-01

If animals could tell us about themselves, using our scientific knowledge, if they could tell us about the way they live, the special way they are made and many details about their individual design - what they would say would be unique praise to the Creator. Did you know that while in flight, the sparrow's heart can beat up to 760 times per minute? Or that a baby blue whale grows at a rate of 7.28 pounds an hour while it's nursing, a grand total of 17 tons by the end of the nursing stage? How about that glow worms have a light output efficiency of 100% as compared to only 4% for our incandescent bulbs? Dr. Werner Gitt, one of the foremost creationist speakers in the world, uses his scientific expertise in this book to show the unique design features of some of

God's most captivating creations. All people, young and old, layperson or expert, will be able to understand and enjoy this straightforward book. Told from the perspective of the animals being described, *If Animals Could Talk* clearly shows the impossibility of life without design. Dr. Gitt uses simple language to provoke a sense of wonder and awe at the marvelous design of the Creator.

A creative, insightful, and biblical depiction of spiritual warfare, this book will guide readers to Christ-honoring counterstrategies for putting on the full armor of God and resisting the devil. Alcorn says to win the battle we must know our God, know ourselves, and know our enemy. Lord Foulgrin's Letters, in unparalleled and compelling fashion, helps us better know each.

Are we on the verge of a great apostasy in the church? "For a time is coming when people will no longer listen to sound and wholesome teaching. They will follow their own desires and will look for teachers who will tell them whatever their itching ears want to hear. They will reject the truth and chase after myths." --2 Timothy 4:3-4 Jesus Christ is coming back. It is certainly a Christian's greatest hope during these difficult times. The Bible warns us that the last days will be tumultuous-- wars and rumors of wars will spread (Matthew 24:6). In our age, the world seems to be spinning out of control, creating fear, confusion, and uncertainty. In addition to violence, pestilence, and epidemics, the Bible predicts a great "falling away" from God in the end times. Bible teachers call that "the great apostasy." Are we seeing evidence today in the church of this massive rejection of sound and wholesome teaching?

Bestselling authors Mark Hitchcock and Jeff Kinley team up to examine the evidence from the teachers of our time. Are today's teachers allowing people to follow their own desires by telling them what they want to hear, as the Bible clearly predicts? Are major portions of the church ready to abandon sound and wholesome teaching? Together, Mark and Jeff explore alarming trends among today's church leaders and they are simply stunned by what they discover. The great apostasy is coming, but is it closer than we imagine? What does that mean for the future? Let Mark and Jeff be your steady guides to the difficult days ahead.
