A Love Episode - Émile Zola 1905

Denzil Quarrier - George Gissing 1911

George Gissing was an English novelist, who wrote twenty-three novels between 1880 and 1903. Although his early works are naturalistic, he developed into one of the the most accomplished realists of the late-Victorian era. Born in Wakefield, Yorkshire, to lower-middle class parents, Gissing went on to win a scholarship to Owens College, the present day University of Manchester. A brilliant student, he excelled at university, winning many coveted prizes, including the Shakespeare prize in 1875. Between 1891 and 1897 (his so-called middle period) he produced his best works, which include *New Grub Street*, *Born in Exile*, *The Odd Women*, *In the Year of Jubilee*, and *The Whirlpool*. The middle years of the decade saw his reputation reach new heights: by some critics he is counted alongside George Meredith and Thomas Hardy as one of the best three novelists of his day. He also enjoyed new friendships with fellow writers such as Henry James, and H.G. Wells, and came into contact with many other up and coming writers such as Joseph Conrad and Stephen Crane.

A Description of Millenium Hall - Utopian Novel - Sarah Scott
2020-12-17

A Description of Millenium Hall is a utopian novel that takes the form of a frame tale and a series of adventures, as the narrator's long-lost cousin relates how each of the residents arrived at the female Utopia, Millenium Hall. The adventures are remarkable for their reliance on a nearly superstitious form of divine grace, where God's will manifests itself with the direct punishment of the wicked and the miraculous protection of the innocent. In one tale, a woman about to be ravished by a man is saved, literally by the hand of God, as her attacker dies of a stroke. The Hall the characters live in is a model of mid-century reform ideas. All the women have crafts with which to better themselves. Property is held in common, and education is the primary pastime.

Pretty Madcap Dorothy: How She Won a Lover - Laura Jean Libbey
2020-09-28

"It's so hard for working-girls to get acquainted. They never meet a rich young man, and they don't want a poor one. It seems to me that a girl who has to commence early to work for her living might just as well give up forever all hopes of a lover and of marrying," declared Nadine Holt, one of the prettiest girls in the immense book-bindery, to the group of companions who were gathered about her. "It's get up at daylight, swallow your breakfast, and hurry to work; and it's dark before you are out on the street again. How can we ever expect to meet a marriageable fellow?" "Do you know what I think, girls?" cried a shrill but very sweet

young voice, from the direction of the window-ledge, adding breathlessly: "I believe if fate has any lover in store for a girl, that he will be sure to just happen to come where she is, on one mission or another. That's the way that it all happens in novels, I took particular pains to notice. These people who write must know just how it is, I reckon." "Well, now, who would ever have imagined that a chit of a thing like you, Dorothy Glenn, would have the impudence to put in your oar, or that you ever thought of lovers, or marrying, and you only sixteen a day or so ago?" cried one. "It's absurd!" "I wasn't saying anything about my ever marrying, I was just telling you what I thought about ever meeting the fellow who is intended for you—the right one—as you call it." "What if you were in a desert?" suggested Nadine, with a curl of her red lip. "Surely you couldn't expect a young man would ever find a business that would bring him out there to you, could you?" "Why not?" cried pretty little Dorothy. "Of course fate would send my Prince Charming even into a desert to find me," cooed Dorothy. "And as to the business that would bring him—why, he could come there to capture the ostriches which are to be found only in the heart of the desert—so there! You know the old adage: 'People meet where hills and mountains don't.' I tell you there's some truth in that."

The History of Rome. Book I - Theodor Mommsen 2015-06-27

The history of Italy falls into two main sections: (1) its internal history down to its union under the leadership of the Latin stock, and (2) the history of its sovereignty over the world. Under the first section, which will occupy the first two books, we shall have to set forth the settlement of the Italian stock in the peninsula; the imperilling of its national and political existence, and its partial subjugation, by nations of other descent and older civilization, Greeks and Etruscans; the revolt of the Italians against the strangers, and the annihilation or subjection of the latter; finally, the struggles between the two chief Italian stocks, the Latins and the Samnites, for the hegemony of the peninsula, and the victory of the Latins at the end of the fourth century before the birth of Christ-or of the fifth century of the city. The second section opens with the Punic wars; it embraces the rapid extension of the dominion of Rome up to and beyond the natural boundaries of Italy, the long status quo of

the imperial period, and the collapse of the mighty empire.

The Boss of Taroomba - Ernest William Hornung 1894

Ernest William Hornung (professionally known as E. W. Hornung; 1866-1921), was an English poet and writer. From a Hungarian background, Hornung was educated at Uppingham School; as a result of poor health he left the school in December 1883 to travel to Sydney, where he stayed for two years. He returned in early 1886 when his father was dying and bankrupt, and began writing professionally shortly afterwards. Hornung had his first work published in 1887-the short story "Stroke of Five" in *Belgravia* magazine. His first novel, *A Bride from the Bush*, was published in 1890, and Hornung used his Australian experiences as a backdrop to the story. He went on to use Australia as a setting or plot element in a further seven novels and two collections of short stories.

The Mystery of 31 New Inn (A Dr Thorndyke Mystery) - R. Austin Freeman 2016-01-15

This early work by Richard Austin Freeman was originally published in 1912 and we are now republishing it with a brand new introduction. 'The Mystery of 31 New Inn' is one of Freeman's novels of crime and mystery. The first story featuring his well-known protagonist Dr. Thorndyke - a medico-legal forensic investigator - was published in 1907, and although Freeman's early works were seen as simple homages to his contemporary, Sir Arthur Conan Doyle, he quickly developed his own style: The 'inverted detective story', in which the identity of the criminal is shown from the beginning, and the story then describes the detective's attempt to solve the mystery.

The White Lie - William Le Queux 2021-05-21

The White Lie (1915) is a mystery novel by Anglo-French writer William Le Queux. Published at the height of Le Queux's career as a leading author of popular thrillers, The White Lie is a story of espionage, mystery, and murder. Using his own research and experience as a journalist and adventurer, Le Queux crafts an accessible, entertaining tale for readers in search of a literary escape. Known for his works of fiction and nonfiction on the possibility of Germany invading Britain—a paranoia common in the early twentieth century—William Le Queux wrote dozens of thrillers and adventure novels for a dedicated public audience. Although critical acclaim eluded him, popular success made him one of England's bestselling writers. In The White Lie, a retired naval officer named Dick Harbonne is stabbed to death on a rural road in the vicinity of Norwich. Discovered in a ditch that morning, Harbonne's murder seems more than an attempted robbery gone awry. While inspecting an engineering project along the coast of Norfolk, Lieutenant

Barclay—a former friend of Harbonne's—and Francis Goring—a local politician—discuss the man's tragic, shocking death. Recalling his recent run-ins with Harbonne, Barclay notes that since retiring from naval service, he had taken up a rather libertine lifestyle, traveling constantly from England to the continent while turning up at strange hours looking disheveled and acting like a complete stranger. While discussing the progress of the telegraph line being laid across the North Sea to Germany, Lieutenant Barclay has a strange premonition, a voice in his head imploring him to not only look into his friend's mysterious death, but to be on the look out for spies of Kaiser Wilhelm. Fearful, cautious, yet famously calm, Barclay suspects that the question of invasion seems less of a matter of if now than when. With a beautifully designed cover and professionally typeset manuscript, this edition of William Le Queux's The White Lie is a classic espionage thriller reimagined for modern readers.
