[Bach Shapes II](#) - Jon de Lucia 2021-05-25

Are you a classical player that wants to apply your hard earned instrumental skills to jazz improvisation? Or are you a jazz player looking to open up your scale/interval practice to new worlds of melodic invention? Bach Shapes II is the sequel to Bach Shapes, the immensely successful scale and interval pattern book for all

instruments. In Bach Shapes II you'll find 140 pages (twice the size of Bach Shapes!) of all things Bach, a culmination of 5 years of work by NYC jazz saxophonist and Bach enthusiast Jon De Lucia that includes: - 50 pages of diatonic sequences, now with analysis, articulation suggestions and scale variations (harmonic minor, harmonic major, etc) - A chapter on minor

and diminished shapes, bringing Bach's Toccata and Fugue into the Bebop Era with examples from Charlie Parker, Cannonball Adderley and more. - 20 pages on the Circle of Fifths progression, applying Bach Shapes to chord progressions like "All The Things You Are" and "Autumn Leaves," including MIDI chordal accompaniment for the exercises and live band recordings for the etudes. - A chapter on Paul Desmond, including etudes and a solo transcription. - A chapter on arpeggiation, using Bach's methods to get through standard tunes. - Bach Loops! Short looping patterns from Bach's music with a ton of practice ideas. - Etudes! More lines on jazz standards to help internalize the material. The ear is key, and Bach's melodies teach us how to voice lead through chords better than anything else, so what could be more applicable to us as jazz improvisers? This book will teach you to: - Learn to pre-hear intervals, which will help you learn to play what you are hearing faster than any other approach. -

Improve your pitch. Practice the diatonic shapes with any drone found on Youtube. - Improve your technique. - Increase your vocabulary of melodic shapes, usable in so many situations! - NEW: Get detailed steps to actually applying the shapes to your improvising, along with jazz etudes to guide you.

The Saxophone - Stephen Cottrell 2013-02-05
In the first fully comprehensive study of one of the world's most iconic musical instruments, Stephen Cottrell examines the saxophone's various social, historical, and cultural trajectories, and illustrates how and why this instrument, with its idiosyncratic shape and sound, became important for so many different music-makers around the world. After considering what led inventor Adolphe Sax to develop this new musical wind instrument, Cottrell explores changes in saxophone design since the 1840s before examining the instrument's role in a variety of contexts: in the military bands that contributed so much to the

saxophone's global dissemination during the nineteenth century; as part of the rapid expansion of American popular music around the turn of the twentieth century; in classical and contemporary art music; in world and popular music; and, of course, in jazz, a musical style with which the saxophone has become closely identified.

Beginner Jazz Soloing for Saxophone & Clarinet
- Buster Birch 2019-06-24

Many woodwind players come from a classical background which may not have taught you how to play by ear. While this can provide an excellent grounding in music, it doesn't teach you how to improvise, and often it's difficult for classically trained musicians to learn Jazz soloing. *Beginner Jazz Soloing For Saxophone & Clarinet* is the perfect guide to bridge the gap. Devised by Buster Birch (visiting jazz professor at Trinity Conservatoire), this book teaches a creative method for improvisation that's been road-tested at hundreds of workshops.

An Unsung Cat - Safford Chamberlain

2004-11-09

An Unsung Cat explores the life and music of jazz saxophonist, Warne Marsh. Safford Chamberlain follows the artist from his start in youth bands like the Hollywood Canteen Kids and The Teen-Agers through his studies under Lennie Tristano, his brilliant playing of the 1950s, his disappearance from public view in the 1960s, his re-emergence in the 1970s, and his

belated recognition in the 1980s as one of the finest tenor players of the post-World War II era. Through interviews with the Marsh family and friends, Chamberlain offers an inside view of Marsh's private life, including his struggles with drug abuse. Detailed analysis of outstanding performances complements the personal story, while an extensively researched discography and photographs reveal the public and private face of this unique performer. In addition to the book, Scarecrow is pleased to offer a companion compact disc, released by Storyville Records. The tracks on the CD provide a representative sampling of Marsh's best work, while providing a historical overview of his development, from the beginning track, "Apple Honey," which is a private, low-fidelity tape from an NBC radio broadcast in 1945 of the Hoagy Carmichael Show, to the final track, "Sweet and Lovely," captured months before his death in 1987.
