Our digital library saves in multiple countries, allowing you to acquire the most less latency times to download any of our books in the manner of this one. Merely said, the Il Secondo Cervello Italian Edition is universally compatible behind any devices to read.

Shakespeare and the Italian Renaissance -

Michele Marrapodi 2016-04-01

Shakespeare and the Italian Renaissance investigates the works of Shakespeare and his fellow dramatists from within the context of the European Renaissance and, more specifically, from within the context of Italian cultural, dramatic, and literary traditions, with reference to the impact and influence of classical, coeval, and contemporary culture. In contrast to previous studies, the critical perspectives pursued in this volume's tripartite organization take into account a wider European intertextual dimension and, above all, an ideological interpretation of the 'aesthetics' or 'politics' of intertextuality. Contributors perceive the presence of the Italian world in early modern England not as a traditional treasure trove of influence and imitation, but as a potential cultural force, consonant with complex processes of appropriation, transformation, and ideological opposition through a continuous dialectical interchange of compliance and subversion.

A Polyglot Pocket Dictionary of Lingála, English, French, and Italian - Zekeh

Gbotokuma 2016-12-12

A Polyglot Pocket Dictionary of Lingála, English, French and Italian represents a glossary that allows the reader to appreciate positive diversity and interculturalism through multilingualism. Building on, and referring to, the author's experiences of studying and living abroad as a series of transits, transitions, and translations, it urges the reader to enhance their global

competency and brain power, and to seek cosmocitizenship through the study of world languages and cultures. To this end, it shares enlightening reflections on the benefits of multilingualism, and allows the reader to develop basic language skills in Lingála, English, French, and Italian. As such, in addition to the glossary, this work also contains key facts about the languages at hand, as well as useful phrases, weekdays, numbers, and elements of grammar.

The Italian Psychiatric Experience -

Alessandro De Risio 2019-09-17

The 1978 Italian Psychiatric Reform was welcomed as a significant advancement in the care of the mentally ill, as it involved, for the first time ever, the complete shutdown of psychiatric hospitals in a major Western country. Today, Italian psychiatry is totally different from that of the rest of the world, due to its complete commitment to community care. The transition towards the community model was appraised by many relevant international organisations, such as the World Health Organisation, as a fundamental step towards a better quality of life, well-being and social functioning of persons with mental diseases. This passage wasn't easy, however, and the closure of Italian psychiatric hospitals was accompanied by notable setbacks in the treatment of the most severely affected persons, who often faced the inadequacy of a 'crisis management' system of care rejecting interventions in the long-term. In past decades, pro-reform authors also tended to refuse criticism of such obstacles, due to their extreme commitment towards the principles that inspired

their practice. This book provides a much-needed appraisal of the 1970s Italian Psychiatric Reform. With an independent viewpoint, it highlights the often-overlooked shortcomings of the reform, while also presenting a multi-faceted view in contrast with the 'single-vision' attitude often adopted in existing studies on this topic.

Voglio morire! Suicide in Italian Literature, Culture, and Society 1789-1919 - Paolo L. Bernardini 2014-09-01

The theme of suicide was of paramount importance in Italy in the long nineteenth century, from the French revolution to the outbreak of World War I. A number of writers, intellectuals, politicians, and artists wrote about suicide, and a very high number of people killed themselves, for several reasons. There were suicides for love and for homeland, suicides for despair, and suicides for ennui. In Italy, once a very traditional, Catholic country, where suicide was very uncommon and rarely treated as a subject of moral theology or literature, it suddenly became extremely widespread. This book provides the first interdisciplinary account of this phenomenon, taken from several angles, including literature, the arts, politics, society, and philosophy, as well as sociology. Its authors rank among the best international specialists on suicide, and the figures dealt with include major intellectuals and writers such as Ugo Foscolo, Emilio Salgari, Giuseppe Pellizza da Volpedo, Giacomo Leopardi and Carlo Michelstaedter.

Essential 18000 Medical Words Dictionary In English-Italian - Nam H Nguyen 2018-02-05

The Great Dictionary Italian - English -

Benjamin Maximilian Eisenhauer 2021-03-19
This dictionary contains around 60,000 Italian terms with their English translations, making it one of the most comprehensive books of its kind. It offers a wide vocabulary from all areas as well as numerous idioms. The terms are translated from Italian to English. If you need translations from English to Italian, then the companion volume The Great Dictionary English - Italian is recommended.

The Italian Academies 1525-1700 - Jane E. Everson 2016-04-14

The intellectual societies known as Academies played a vital role in the development of culture, and scholarly debate throughout Italy between 1525-1700. They were fundamental in establishing the intellectual networks later defined as the 'République des Lettres', and in the dissemination of ideas in early modern Europe, through print, manuscript, oral debate

and performance. This volume surveys the social and cultural role of Academies, challenging received ideas and incorporating recent archival findings on individuals, networks and texts. Ranging over Academies in both major and smaller or peripheral centres, these collected studies explore the interrelationships of Academies with other cultural forums. Individual essays examine the fluid nature of academies and their changing relationships to the political authorities; their role in the promotion of literature, the visual arts and theatre; and the diverse membership recorded for many academies, which included scientists, writers, printers, artists, political and religious thinkers, and, unusually, a number of talented women. Contributions by established international scholars together with studies by younger scholars active in this developing field of research map out new perspectives on the dynamic place of the Academies in early modern Italy. The publication results from the research collaboration 'The Italian Academies 1525-1700: the first intellectual networks of early modern Europe' funded by the Arts and Humanities Research Council and is edited by the senior investigators.

Homosexuality in Italian Literature, Society, and Culture, 1789-1919 - Elisa Bianco 2017-05-11

Homosexuality, bisexuality, transvestitism, and trans-genders represented new ideas, customs, and mentalities which shattered nineteenth-century Italy. At this time, Italy was a state in the making, with a growing population, a fading

aristocracy, and new urban classes entering the scene. While still an extremely Catholic country, atheism and secularization slowly undermined the old, traditional morality, with literature and poetry endorsing innovative fashions coming from abroad. Laxity mixed with perversion, while new forms of sexuality mirrored the immense changes taking place in a society that, since time immemorial, was dominated by the Church and by a rigid class system. This was a revolution, parallel to the political movements that brought about the Unification of Italy in 1861, and was tormented, intense, and occasionally tragic. This collection of essays offers a rather comprehensive overview of this phenomenon. Personalities and places, ideas and novels, poetry and tragedy, law and customs, are the subject of ten essays, written by leading international experts in Italian history, the history of sexuality, literature and poetry. The Italian nineteenth century is a time of a number of rapid changes, visible and invisible revolutions, often given less attention than the unification process. This book makes a substantial contribution to Italian studies and modern European history.

Dictionary of the English and Italian Languages with the English Pronunciation and the Terms of Science and Art, of Mechanics, Railways, Etc. a Copious Phraseology ... by Francis Piquè - Francis Piquè 18??

New Migrations, New Multilingual Practices, New Identities - Giulia Pepe 2022-08-31

This book presents an original empirical study on the linguistic repertoires of post-2008 Italian migrants living in London. The author interrogates how migrants' trajectories and their relation with their homeland's migration history are displayed through the engagement of new multilingual practices, such as translanguaging, and how new identities are negotiated during conversational acts. The book will be of interest to students and scholars of Sociolinguistics and Migration Studies.

Gender Issues in Business and Economics - Paola Paoloni 2017-11-07

This volume presents current research on gender studies in the specific context of the knowledge economy. Featuring contributions from the 2017 Annual Ipazia, the Scientific Observatory for Gender Studies Workshop on Gender, this book investigates gender issues and female entrepreneurship from social, economic, corporate, organizational, and management perspectives, with particular emphasis on advancing the understanding of gender in business and economic research. The post-industrial knowledge economy is characterized by an emphasis on human capital as the real engine of sustainable growth and development. With women comprising an increasing share of the global workforce, gender studies play a central role in exploring and understanding the attitudes and skills of women in business and their impact on economic and social development. Gender inequality in public and private contexts is decreasing due to an increase of women in leadership roles in business, the expansion and diversity of females in education, and a larger presence of women in policymaking roles. Ipazia, the Scientific Observatory for Gender Studies, aims to define an updated framework of research, service and projects on women and gender relations to highlight the evolution of gender in business and economics. This volume features contributions on female-owned family business, gender diversity in organizations, gender capital, and immigration from the 2017 Ipazia workshop.

Religious Narratives in Italian Literature after the Second Vatican Council - Jenny Ponzio 2019-03-18

This book presents a semiotic study of the re-elaboration of Christian narratives and values in a corpus of Italian novels published after the Second Vatican Council (1960s). It tackles the complex set of ideas expressed by Italian writers about the biblical narration of human origins and traditional religious language and ritual, the perceived clash between the immanent and transcendent nature and role of the Church, and

the problematic notion of sanctity emerging from contemporary narrative.

Teresa of Jesus: Woman, Prophet, Mystic - María Rosaura González Casas, S.T.J. 2020-11-13

St. Teresa of Ávila was, above all, a woman who searched for an encounter with God, and her search was not in vain. Once she encountered God, she wanted nothing more than to put him at the center of her life and proclaim his greatness. Teresa's objective in writing was to teach her nuns the way of prayer utilizing her own systematized experience. As a woman writer, Teresa had to confront misogynistic forces by unmasking them down to their very roots. As a skilled teacher of the spiritual life, Teresa knew how to spot inner resistances and movements to listen to and follow God's call. At the same time, she considered the inner dynamics that generate the process of relationship with God, making her writing a sixteenth-century treatment of psychology. In her feminine humanity, Teresa supports a relational perspective. Teresa of Jesus: Woman, Prophet, Mystic considers how relationships can act as a point of encounter and dialogue between the spiritual life and psychology. In the first part, Sister María Rosaura reveals St. Teresa's feminine humanity by studying her life within her sixteenth-century historical context. The second part turns to Teresa's masterwork, The Interior Castle, and analyzes the union between the soul and God from Teresa's feminine relational perspective established in the first part. By drawing close to Teresa's life, this book enables readers to drink from a spiritual fount that always yields fresh water.

The Rough Guide to Italy - Rough Guides 2016-04-01

The Rough Guide to Italy is the ultimate travel guide to one of Europe's most appealing countries. From the top draws of Rome and Florence to the hidden corners of Friuli and Liguria, this guide will help you make the most of your trip to Italy. You will find all the detailed information you need, from vaporetto routes in Venice to hole-in-the-wall pizza joints in Naples to the best spot to watch the sunset on the Amalfi Coast. Be inspired to go diving in Sardinia, climbing on Mount Etna, windsurfing on Lake Garda, trekking in the Alps, beach-hopping in Puglia, wine tasting in Piemonte, or exploring in Sicily. Clear detailed listings will lead you to great accommodations, from boutique hotels and quirky bed and breakfasts to idyllic agriturismos and slick city apartments. You'll also discover the best atmospheric osterie, gourmet restaurants, and melt-in-your-mouth gelato. Readable accounts of Italy's history, art, and groundbreaking film industry will help you learn even more about this beautiful country. With full color throughout and crystal clear maps, The Rough Guide to Italy is your essential travel companion.

The Rough Guide to Italy - Martin Dunford
2011-03-01

The Rough Guide to Italy will help you explore every corner of the country that has more UNESCO listed sites than anywhere else in the world, ranging from intriguing sights such as the cave city of Matera and the Baroque towns of the Val di Noto in the deep south, to the iconic must-sees of Rome, Florence and Venice. This is the ultimate travelling companion to this fascinating country, with clear maps and honest, informed coverage of everything from boutique b&bs to hotels in historic palazzi, from authentic trattorias to unmissable gelaterias. Rough Guide authors dig deep behind the scenes of ancient and contemporary Italy, bringing its sights to life, and equipping you with everything you need to plan your holiday, whether you're into watersports or wine, football or food, Romans or Renaissance, beaches or Baroque. Stunning photographs highlight the very best the country has to offer, while detailed practical advice will help you get around Italy with the ease of an Italian, whether you choose to drive, or to travel by bus, boat or train.

Investigating Gender, Translation and Culture in

Italian Studies - Monica Boria 2007

The past few years have witnessed a growing academic interest in Italian Studies and an increasing number of symposia and scholarly activities. This volume originates from the Society for Italian Studies Postgraduate Colloquia that took place at the University of Leicester and Cambridge in June 2004 and April 2005 respectively. It gathers together articles by young researchers working on various aspects of Italian Studies. It well illustrates current trends in both typical areas of research, like literature and 'high culture', and in those which have gained momentum in recent years, like translation and language studies. The volume offers a taste of the dynamic outlook of current research in Italian Studies: the interdisciplinary approach of the essays in translation and gender studies, and the innovative methodological perspectives and findings offered by the new fields of Italian L2 and ethnography. The book is divided into three sections, each grouping contributions by broad subject areas: literature and culture, translation and gender studies, language and linguistics. Cross-fertilizations and interdisciplinary research emerge from several essays and the coherent ensemble constitutes an example of the far-reaching results achieved by current research.

The Bible and Natural Philosophy in Renaissance Italy - Andrew D. Berns 2015

The Bible and Natural Philosophy in Renaissance Italy explores how doctors studied the Bible and other sacred texts in sixteenth-century Italy. Andrew D. Berns argues that, as a result of their training, they understood the Bible not only as a divine work but also as a historical and scientific text.
