My Money My Way - Kumiko Love 2022-02-01

Does fear and insecurity keep you from looking at your bank account? Is your financial anxiety holding you captive? You don't have to stress about money anymore. YOU can take back control. As a newly divorced single mom making \$24,000 per year and facing down \$77,000 in debt, Kumiko Love worried constantly about money. She saw what other moms had—vacations, birthday parties, a house full of furniture—and felt ashamed that she and her son lived in a small apartment and ate dinner on the floor. Worse, when her feelings began to exhaust her, she binge-shopped, reasoning that she'd feel better after a trip to the mall. On the day she needed to pay for a McDonald's ice cream cone without her credit card, she had an epiphany: Money is not the problem. Self-Doubt is the problem. Shame is the problem. Guilt is the problem. Society's expectations for her are the problem. She is the solution. Once she reversed the negative thinking patterns pushing her toward decisions that didn't serve her values or goals, her financial plan wrote itself. Now, she's not only living debt-free in her dream home, which she paid for in cash, but she has spread her teachings around the world and helped countless women envision better lives for themselves and their families. Now, building on the lessons she's taught millions as the founder of *The Budget Mom*, she shares a step by step plan for taking control back over your financial life—regardless of your level of income or your credit card balance. Through stories from navigating divorce to helping clients thrive through recessions, depression, eviction, layoffs and so much more, you will learn foundational practices such as: How to use

your emotions to your financial advantage, instead of letting them control you How to create a budget based on your real life, not a life of self-denial How to create a motivating debt pay-off plan that makes you excited about your future, instead of fearing it My Money My Way will give you the tools to align your emotional health with your financial health—to let go of deprivation and embrace desire. Bad with Money - Gaby Dunn 2019-01-01

“Humorous and forthright...[Gaby] Dunn makes facing money issues seem not only palatable but possibly even fun....Dunn’s book delivers.” —Publishers Weekly The beloved writer-comedian expands on her popular podcast with an engaging and empowering financial literacy book for Millennials and Gen Z. In the first episode of her “Bad With Money” podcast, Gaby Dunn asked patrons at a coffee shop two questions: First, what’s your favorite sex position? Everyone was game to answer, even the barista. Then, she asked how much money was in their bank accounts. People were aghast. “That’s a very personal question,” they insisted. And therein lies the problem. Dunn argues that our inability to speak honestly about money is our #1 barrier to understanding it, leading us to feel alone, ashamed and anxious, which in turns makes us feel even more overwhelmed by it. In *Bad With Money*, she reveals the legitimate, systemic reasons behind our feeling of helplessness when it comes to personal finance, demystifying the many signposts on the road to getting our financial sh*t together, like how to choose an insurance plan or buy a car, sign up for a credit card or take out student loans. She speaks directly to her audience, offering advice on how to make that #freelancelife work for you, navigate money while you date, and budget without becoming a Nobel-winning economist overnight. Even a topic as notoriously dry as money becomes hilarious and engaging in the hands of Dunn, who weaves her own stories with the perspectives of various comedians, artists, students, and more, arguing that—even without selling our bodies to science or suffering the indignity of snobby thrift shop buyers—we can all start taking control of our financial futures.

Finance for the People - Paco de Leon 2022-02-01

An illustrated, practical guide to navigating your financial life, no matter your financial situation "a potent mix of deeply practical and wonderfully empathetic" —Erin Lowry, author of *Broke Millennial* "one of the most approachable financial books I've ever read." —Refinery 29 We are all weird about money. Whether you have a lot or a little, your feelings and beliefs about money have been shaped by a combination of silence (or even shame) around talking about money, personal experiences, family and societal expectations, and a whole big complex system rigged against many of us from the start. Begin with that baseline premise and it's no surprise so many of us find it so difficult to save enough money (but way too easy to get trapped in ballooning credit card debt), emotionally draining to deal with student loans, and nearly impossible to understand the esoteric world of investing. Unlike most personal finance books that focus on skills and behaviors, *FINANCE FOR THE PEOPLE* asks you to examine your beliefs and

experiences around money—blending extremely practical exercises with mindfulness, and including more than 50 illustrations and diagrams to make the concepts accessible (and even fun). With deep insider expertise from years spent in many different corners of the financial industry, Paco de Leon is a friendly, approachable, and wise guide who invites readers to change their relationship with money. With her holistic approach you'll learn how to:

- root out your unconscious beliefs about money
- untangle the mental and emotional burden of student loans to pay them off
- use a gratitude practice to help you think differently about spending
- break out of the debt cycle and begin building wealth

This book is for anyone who feels unseen, ignored, or bored to death by the way personal finances are approached and taught, and is ready to go on a journey of self-discovery and step into their financial power.
