*Remembering Kings Past* - Amy Goodrich Remensnyder 1995  
The rich legends spun between 1000 and 1250 and by the monks of southwestern France to explain the origins of their communities are the subject of this provocative study. Amy G. Remensnyder explores the monastic foundation legends in all their variety - including forged charters, hagiographic texts, chansons de geste, architecture, and sculpture - to show how such imaginative rememberings of the past worked to affirm the liberty and identity of the abbeys in the present. At the center of the legends stand three kings whom the monks favored as founders: Clovis, Pippin the Short, and, above all, Charlemagne. Remensnyder reveals the many implications of this legendary affection

for kings, a startling predilection on the part of monks living in a region where actual rulers hardly ventured during the period. A major contribution to the cultural history of images of French kingship, the book demonstrates how communities far from effective royal power could create and manipulate royal images, using them to serve their own interests. For Remensnyder also situates these legendary images in the web of local social relations from which they emerged. She shows that when threats to their liberty and identity arose, the monasteries could shield themselves by invoking their legendary founders. The book illuminates the world of medieval southern France, and its relation to the French kings. It will interest all those who seek to understand the processes by which a community imaginatively remembers its past so that it becomes the basis for its identity in the present. It also demonstrates that texts often discounted as "fiction" can tell us as much as those classified as "fact".

**Esoteric Studies in Masonry - Volume 1: France, Freemasonry, Hermeticism, Kabalah and Alchemical Symbolism (Bilingual)** - Daath Gnosis 2017-10-11

This Text presents an introduction to the Alchemical Philosophy of the Ancient Mysteries, it contains extracts from many different books and is organized into 2 main sections: 1) An explanation of the Alchemical Symbolism which has 3 parts that are mostly extracts from 3 of Jean Marie Ragon's books published together in 1853: Masonic Orthodoxy, Philosophical Masonry and Occult Masonry. Taken together, these extracts are a wonderful synthesis of how Masonry is a continuation of the Ancient Mysteries. 2) Contains the Instructions and/or Catechisms from 3 different French Masonic orders: FRENCH RITE (early to mid 1700s), ADONHIRAMITE RITE (late 1700s), and MEMPHIS RITE (mid 1800s). These show the Ancient Philosophical, Hermetic, and Alchemical symbolism which was explained in the first section. Finally, in the Editor's Appendix, there is an explanation of the "Masonic Tablet", followed by an article about the "Generation of Beings" and then a list of the "Shem Hamphorash" or the '72 Names of God'.

**La pierre de vie** - Edith Pargeter 2008-05-22

La carrière littéraire de la bonne dame de Shrewsbury, née Edith Mary Pargeter (1913-1995), plus connue sous le nom d'Ellis Peters, fut d'une

fécondité exceptionnelle. Celle que l'on dépeint au croisement d'Agatha Christie et d'Umberto Eco avait, sans le savoir, taillé à l'avance des croupières à l'auteur du *Nom de la rose* avec sa trilogie consacrée aux aventures d'Harry Talvace le Jeune. Elle-même, malgré l'énorme succès de frère Cadfael, voyait dans cette Pierre de vie et ses suites les meilleurs livres qu'elle ait écrits. Et de fait cette superbe fresque historique, à la fois roman d'amour et d'aventures au temps des bâtisseurs de cathédrales, laisse entrevoir, fut-ce sans épisode criminel, mais avec un sens évident du suspense, ce qui servira de toile de fond à frère Cadfael : le Moyen Age dans ses splendeurs et sa cruauté.

*Being Alone in Antiquity* - Rafał Matuszewski 2021-11-22

This volume aims to provide an interdisciplinary examination of various facets of being alone in Greco-Roman antiquity. Its focus is on solitude, social isolation and misanthropy, and the differing perceptions and experiences of and varying meanings and connotations attributed to them in the ancient world. Individual chapters examine a range of ancient contexts in which problems of solitude, loneliness, isolation and seclusion arose and were discussed, and in doing so shed light on some of humankind's fundamental needs, fears and values.
